 4. Understanding Emotions
-

Safety Measures

- All games are played in private sessions with mentors.
 - Voice and chat interactions are limited to the mentor and client, ensuring a safe environment.
 - Content and gameplay are age-appropriate and align with PathWayPixel's safeguarding policies.
 - Mentors will actively supervise gameplay and guide activities to ensure positive outcomes.
-

Why Gaming?

Gaming offers unique opportunities for neurodiverse individuals to:

- Develop social and communication skills in a structured setting.
 - Build confidence through small, achievable goals within the games.
 - Practice focus, strategy, and resilience in a safe and enjoyable environment.
-

Parental/Guardian Consent

By signing this form, you confirm the following:

1. You understand the purpose and benefits of the games listed above.
 2. You consent to your child/dependent participating in these games as part of PathWayPixel's mentoring services.
 3. You acknowledge the safety measures in place and the role of gaming in the programme.
 4. You understand that additional games may be introduced with prior parental notification and consent.
-
